Jesus Restores Us because we are Broken

Core Truth: Our Relationship with God is Restored through Jesus

Text: Luke5

Lightbulb: Jesus Restores us by Healing us

ACTIVITY: Humpty Dumpty

Supplies: A piece of paper per person

On the count of three have everyone tear their paper into as many pieces as they can in the next 15 seconds.

Ok! now that your paper is clearly broken...can you put it back together by yourself? What would you need to fix the paper? Tape? Glue? If I gave you tape would you be able to make this paper brand new like it was before you tore it? Nope!

Discussion:

-Can anyone fix our papers all the way back to brand new? (Nope! You just have to get a new piece of paper.)

-Remind me what restore means! (It means to repair, bring back to the original condition.)

-What kind of things can Jesus heal us from? (Sickness, physical healing, but also spiritual healing from our sins.)

-What did Jesus heal the man of in our story from today? (His sins and he couldn't walk.)

-Can we restore ourselves to God? (Nope!)

-Why did Jesus want to restore us? To heal us spiritually? (He loves us SO much and wants us in Heaven with Him.)

-How does He restore us? (He takes away the blockage between us and God -sin, then He makes us into a whole new creation, the old has gone and the new has come!)

Real-Life Application

Our challenge for today is for you to find another place in scripture where Jesus heals someone! It can be a physical healing or a spiritual healing! If you want to earn a CK buck, send the story that you and your family found to your kids pastor on FB, email or text!

Pray together as a family!
